Four Inches of Rain

Crop Prospects Excellent After Two-day Soaker

A two-day soaking rain last week—the heaviest experienced in Southern Alberta in some years—has greatly improved this year's crop outlook and moisture conditions are now excellent.

In Vulcan, rain gauges showed anywhere from 3.65 to 4.2 inches of precipitation for the two days and district points report from 2½ to 5 inches, depending on the heaviness of showers that preceded the steady rainfall. In any case, all points received a real "soaker" and warm weather, which has been lacking so far this year, would promote rapid growth of all crops.

Pastures, gardens and trees will also benefit greatly from the rain. The month of June has been marked by cool, cloudy weather with frequent but scattered showers.

Pioneer Passes

A well known pioneer resident of the Champion district, Mrs. Nell McLeod died in Calgary Monday of this week.

Details are lacking at the time of writing but funeral services will be conducted by Rev. Peter Dawson at the Champion United Church this Thursday at 2:30 p.m.

Most tax increases in Canada in the last 10 years have been engendered by (1) defence costs or (2) increasing social security schemes.

Pays Tribute To Dorothy Gooder

The Alumnae News of the Holy Cross Nurses Association, in its June edition, carries a tribute to Mrs. Dorothy Gooder of Lethbridge, daughter of Mr. and Mrs. Charles Ottewill of Vulcan and a graduate of the Holy Cross School of Nursing in 1940.

Married and widowed, she has four children, the oldest of whom will enter Holy Cross as student nurse this fall.

Mrs. Gooder was the founder of the Association for Retarded Children in Lethbridge and its first president. Through her efforts, the cause of the retarded child has been effectively sold to the residents of that city and in addition to her work in Lethbridge she gave willingly of her time to establish a Provincial Association that has carried this help to many others throughout the province, proving to be a dedicated and capable worker for the Retarded Children movement.

Mrs. Gooder has worked in Lethbridge as a Public Health Nurse. Her efforts to establish a home for retarded children culminated this year in the erection of the beautiful new Dorothy Gooder School for Retarded Children in Lethbridge which is dedicated to teach and lead these children to modest achievements.

On Two Months Tour of Europe

Dr. and Mrs. A. D. Tompkins and Mr. and Mrs. Leonard Voisey left by air last Friday for England and will tour that country by car before going on to Scotland, where Dr. Tompkins will attend the joint British-Canadian Medical Convention in Edinburgh from July 18 to 23. Over 2,000 Canadian doctors are expected to attend this convention.

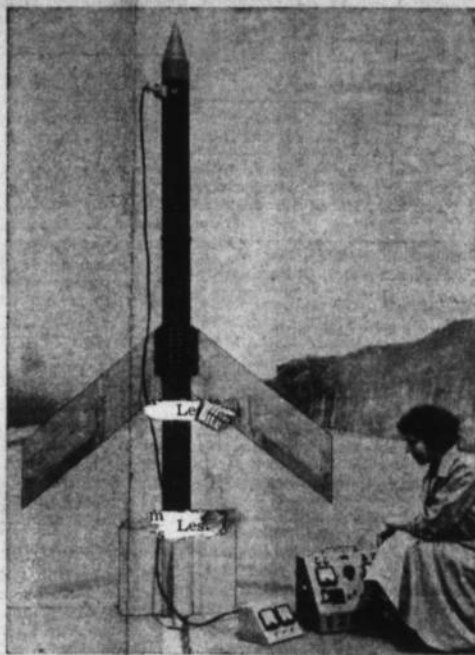

Following the convention, the Tompkins and Voiseys will spend a few days in Holland and then will travel to Brussels where they will join a conducted tour of many countries on the continent. They expect to be back home on Aug. 20, flying on jet liner from Paris to New York and from there to Calgary.

From July 22 to Aug. 22, Dr. Ralph Dahl of Calgary will be replacing Dr. Tompkins at the Vulcan Clinic. A graduate of the University of Alberta in 1956, Dr. Dahl has been on the staff of the Holy Cross Hospital for the past year. While in Vulcan, Dr. and Mrs. Dahl will reside in the Tompkins home.

Candlelight Circle

The June meeting of the Candlelight Group of the Church of Christ was held on Thursday, June 11, at the home of the president, Mrs. Betty Wickstrom. There were 18 ladies present who answered roll call with a Bible verse on "Life" and stated which was their favorite season of the year and why. An inspiring devotional entitled "Portraiture and Caricature" was brought by Doug Smith. Mrs. Myrtle Haydamack showed a number of very interesting colored slides. The meeting was brought to a close with a delicious lunch served by the hostess, assisted by Mrs. Smith and Mrs. Bertha Webber.

On Thursday, June 18, the ladies of the Church of Christ held a miscellaneous shower, in honor of Miss Gloria Jones, in the church parlor. The many friends present enjoyed the trousseau contest and games brought by Mrs. Eileen Haga and Mrs. Ruth Dann. The lovely and useful gifts were presented in a decorated wheelbarrow to the bride-elect by Miss Karin Smith. Gloria was assisted

Bill Holton President Fish & Game Association

The Vulcan and District Fish and Game Association elected Bill Holton as its first president. Mr. Holton farms north-east of town and will hold office for one year.

About 40 members attended the special meeting in the Legion Hall Monday night and from them and others of the 100 in the branch the president will pick his various committees.

An immediate committee to look after programs, entertainment and publicity was named and includes the Rev. Bob Johnston, Howard Burrell, Montie Findlay and Peter Fickersgill.

Full meetings will be held four times a year with executive meetings as required. Meanwhile groups will be set up to help outdoor activities in the Vulcan area. One such project before the club, is the providing of garbage and toilet facilities for Neilson Lake, Ueland and Commodore Lakes. Already several garbage barrels have been secured and it is thought there may be residents of town able to assist the organization in this regard.

Claresholm game warden Bill Bell was in attendance and showed some exceptional color film on the mountains, foothill country and prairies in this vicinity, taken during his travels as warden.

One described fish spawning and stocking around Fort Macleod, while the other gave good coverage of a recent stampede at Claresholm. Film taken on Flat Top mountain and country west of Nanton showed the beautiful scenery which lies within 60 miles of Vulcan and of particular interest were several closeups of the small wild life of the country.

Coffee and doughnuts were served to close the evening. The next meeting will be held in September.

Farewell Party

A number of friends gathered at the home of Mrs. Earl Galloway Monday evening to hold a farewell party for Mrs. Alice Todd. Mrs. Ed Uily assisted Mrs. Galloway as hostess.

Those assembled enjoyed a pleasant evening of games and contests, after which Mrs. Galloway, on behalf of those present, presented Mrs. Todd with a gift and expressed the best wishes of all for happiness in her new home in Lethbridge.

A dainty lunch was served to conclude the evening's program. Mrs. Todd and family will leave Monday to take up residence in Lethbridge.

In opening the gifts by her mother, Mrs. E. Jones and by Miss Aileen Morley. She then thanked everyone for the lovely gifts she had received. The evening closed with the serving of a dainty lunch.

Elks Take Two From Lomond In Sunday Ball The "old pros" came to the fore last Sunday. Earlier days of rain made weekend baseball very remote so some of the Elks headed out for Sunday and when weather cleared and play was on, the regular lineup was dotted with absentees. So the coaches and top brass worked with the business end of a ball glove and came out bent in body but beaming on the score board. In the twin bill, they won 9-3 and 3-4 from the Lomond visitors.

Lomond were holding their own in the opening game until around the fifth inning when Vulcan went through the whole of the batting order, scoring seven runs before being retired.

In the evening affair the Elks were trailing 4-1 in the bottom of the eighth inning but another big batting session netted four runs to scrape them by Lomond.

Vulcan goes to Enchant this Sunday for a double header, while plans are being completed for the Annual Champion Lions Club sponsored Tournament at the Champion ball park on July 15-16.

Davey-Schneider Rites at Champion

The Evangelical Free Church was the setting for a pretty June wedding on Saturday, June 6, when Jean Ellen, only daughter of Mr. and Mrs. Orington Schneider exchanged marriage vows with Richard Wayne Davey, only son of Mr. and Mrs. Gordon Davey, all of Champion.

Rev. J. Hoel performed the double-ring ceremony amid a beautiful setting of fern and spring flowers.

The bride, given in marriage by her father, wore a white chiffon floor-length gown, very bouffant over net and taffeta. The skirt featured a bustle back, composed of a myriad of ruffles falling from the waist to the floor. The neckline was of sweetheart design. She wore lace mitts and her chapel veil fell from pearl studded tulle. A single strand of pearls, a gift of the groom, was her only jewelry. She carried a white Bible with her bouquet of sweetheart roses and stephanotis. A cascade of white satin ribbon streamers with red rosebuds fell in a shower from the bouquet.

Fay Mundle, maid of honor, wore a waltz-length gown of powder blue lace over taffeta and carried a colonial bouquet of pale yellow carnations. Her headdress was of white feathers.

The bridesmaid, Yvonne Vaage, wore a pale yellow lace over taffeta. Her colonial bouquet was composed of pale blue carnations and her feathered headdress was also white.

Sharon Davey, sister of the

groom was the dainty flower girl, gowned in blue silk nylon over crinoline. She carried a hoop of pink carnations and white spray mums.

The groom was attended by Alan Train of Del Bonita.

The guests were ushered to their places by Melvin Schneider and Dale Versluis.

During the signing of the register, Harold Schneider sang, "A Wedding Prayer."

Mrs. Schneider chose an afternoon dress of powder blue sheer over taffeta for her daughter's wedding. She wore a white picture hat and her corsage was of white carnations.

The groom's mother wore a black and white jacket dress with pink accessories. She wore a pink carnation corsage.

At the reception in the Community Hall, a three-tier wedding cake graced the bride's table. The emcee was Don Schneider. Rev. Hoel proposed the toast to the bride, to which the groom ably responded.

Harold Schneider sang, "I Love You Truly," and Diane Hegland sang, "O Perfect Love." A group of girls sang, "For He Is So Precious To Me."

Telegrams of congratulations from Portage La Prairie, Man.; Regina, Sask., and Seattle, Wash., were read.

For her wedding trip to Spokane and other United States points the bride chose a pale blue sheath with matching duster and white accessories.

Unemployment Insurance Fund

Less than two years ago the Unemployment Insurance Fund held a balance of something over \$900 millions. Today, due to payments necessitated by the unemployment situation through which the country has been passing, the fund has shrunk to a bare \$600 millions and has every appearance of shrinking still further.

Under the circumstances we cannot understand the federal government's announcement that it proposes to introduce amendments to the Unemployment Insurance Act to extend its benefits to an even wider group and to expand the period in which payments may be claimed from thirty-six to fifty-two weeks.

It is true that those in employment, together with their employers will be called up to increase their weekly payments into the fund, but we doubt whether such increases will augment the balance of the fund, especially as it is rumored that the payments to those unemployed will also be increased considerably. The government must be anticipating a very heavy decrease in unemployment in the near future, but there are no immediate signs that this is probable.

No fair-minded Canadian questions the necessity of providing assistance to those who, through no fault of their own, are temporarily without work, but the proposed increase in the weekly payment and the length of time for which it may be drawn, appears to us to be converting the act into an outright welfare scheme that will deliberately discourage many of those without work from vigorously seeking further employment. It is common knowledge that there are some unscrupulous people who will not look for a job while they can draw the weekly dole, and increasing the period from thirty-six to fifty-two weeks will bring great joy to their hearts.

The honest worker — and he is in the vast majority — dislikes the thought of drawing unemployment benefits, and will do his utmost to seek another job, and it would be most unfortunate if the minority came to believe that unemployment benefits were intended as an alternative to seeking a job and earning a living.

CHEMICAL WEED CONTROL

The season of the year for weed spraying is just around the corner. The time of spraying is very important and is dependent mostly on the stage of growth of the crop. The general recommendation for grains to be sprayed is from the four-leaf stage to the jointing stage or just before the shot blade appears. Spraying should not be done through the shot blade and flowering period. Flax should be treated at the 4 or 5 leaf stage to just before the pre bud stage. Do not treat flax after the flower bud appears.

The rate of application and material to use depends on the weed to be controlled and the crop concerned. The early annual weeds generally require a lower rate than the more persistent annuals. Usually the rates to use are marked on the outside of the container. These directions should be read carefully.

Care must be taken when spraying close to susceptible crops such as windbreaks, gardens, sunflower, rape, etc. These crops are readily damaged from fumes produced by the chemical. Spraying should be

done when the wind is blowing the fumes away from the susceptible plants. If it is necessary to spray near these crops the Low Volatile types of material should be used. These do not produce fumes as the regular types do.

Canada Thistle appears to be increasing in most areas. Normal crop spraying will usually control the top growth and prevent seedling. However, the plant is seldom killed by the operation and will grow again. The summer fallow year is a good time to control this persistent perennial. Repeated cultivations will usually weaken the plant sufficiently to cause it to die. However in many cases numerous cultivations are undesirable as it creates a condition conducive to soil drifting and moisture loss. This can be partially overcome by spraying the thistles when they are in the bud stage, and then cultivate the field in several weeks time. By spraying in the summer fallow year, one or more tillage operations can be eliminated and the thistles can be sprayed at their most susceptible stage. Also a rate of spraying higher than is safe for a crop can be used, and thus give better control. It is possible to further reduce these weeds after harvest by spraying the stubble with 12 to 16 ounces per acre of 24D ester, and follow in about two weeks with a cultural operation.

Each tender is to contain a bonus offer payable on the signing of the lease providing for the delivery as rental of one-third (1/3) share of crop annually. The lessee to be responsible for the payment of all municipal taxes. The highest or any tender will not necessarily be accepted. All successful tenders will be required to execute a lease containing conditions for the proper cultivation of the land.

Tenders will close at 1:30 p.m. on June 30th, 1959.

acres of cropland and pastures were sprayed. National Grain Sprayers were also represented. Indian and white farmers to the number of about 300 were present and showed a keen interest in all operations and discussions.

As was stated before this was an operation promoted by the Agricultural Service Board of the County of Newell, with the County of Vulcan and the Municipality of Wheatland as well as the Provincial Department of Agriculture. This is believed to be the largest operation of its kind ever held in Alberta, if not in all of Canada, and was designed to bring to the attention of the farmers of the "Reserve" and many others, the benefits to be obtained by spraying crops and wastelands at the proper time for the control of weeds.

Of interest during the days was the display of the new truck and spraying service for roadside work, recently completed and built by the Municipality of Wheatland at Strathmore.

At the present time crop chemicals seem to be moving out faster than ever before. In this area, and the season promises to be the largest sale of chemicals in Western Canadian history. The grasshopper threat in the south part of the County seems to be materializing, and it is hoped that with chemical control it will not be too serious.

MOSSLEIGH

Mr. and Mrs. K. Gillanders were honored at a party on Saturday evening, the occasion being their 25th wedding anniversary. The evening was spent in dancing and at mid-night Archie Hay presented the guests with a tea set from their friends in this district. Supper was served in the lunch room to about 100 relatives and friends.

The weather certainly has been the talk of the district the past week. First came thunder and lightning with rain and hail. The hail didn't do much damage only to the gardens. The following night more thunder and lightning accompanied by rain and hail, this time the power and telephones were put out of order. Flax fields were washed away and gardens covered with water and sand. Then the big rains came, dumping about two inches of moisture on the whole district.

Friends of Mrs. Oliver Blair were sorry to hear that she was ill, and hope to see her home soon.

Sports Day

The Sports Day in Mossleigh turned out to be a good day this year. The sun shone but the wind was a bit miserable towards evening.

At 1:00 o'clock, the Carseland girls met the Mossleigh girls for a soft ball game and won 18-9. Then the boys from Arrowwood met the High School boys from here and played hard ball, this game was tied 3-3. After a number of races for the children,

MAJORVILLE

Omitted from last week's news for lack of information was the Liberty entry of a float in the Lake McGregor Race Meet Parade. The float represented the good ship "Liberty" whose well dressed captain was Mrs. Irvin Sukut. Also aboard were dancers Wendy Godkin, Lynne Godkin and Dianne Monner. The very versatile crew were musicians, namely John Papp, Bill Shield and Harvey Godkin. Driver of the float was Russell Mills. The float received first in its class. This was a worth-while effort and we would like to commend those responsible. Liberty is among the few little country school houses still left on the original sites and is now a community centre known as Liberty Community Association.

Father's Day guests for turkey dinner at the home of Mr. and Mrs. Fred Bertschy were sons-in-law daughters Mr. and Mrs. Ed Robertson and family of Mossleigh, Mr. and Mrs. Verlyn Culp and family, Mr. and Mrs. Ralph Oberholzer and family of Arrowwood, and son and daughter-in-law Mr. and Mrs. Bob Bertschy and family of Mossleigh.

A couple of weeks ago Mrs. Sutherland had the misfortune to fall in her home. A visit to the doctor showed no broken bones but after an uncomfortable week she returned to the doctor for X-ray and these revealed a broken bone. After a day or two in hospital she returned home with her arm in a cast and is not feeling too well. All her friends and neighbors send very best wishes for a speedy return to her usual cheery self.

Jack Heather who was out west from Toronto on a business trip spent the weekend at the home of his parents, Mr. and Mrs. Jack Heather.

Mr. and Mrs. Ray Hostetler and family of Lomond are staying at the home of Mr. and Mrs. Alf Heather for a few days.

Scattered showers at the beginning of the week brought as much as 1/2 inch of rain to some parts of the district while others were passed over entirely. Hail was reported in these isolated storms, but no damage is expected to result. Friday brought a general rain and after 30 hours or so of continuous showers, reports from the different sections of the community vary from 2 1/2 inches to 4 inches of moisture. This rain will do a lot of good both to grain and garden as well as be a help to grass land, the latter has been slow in growth this year.

Mr. and Mrs. Bartsch went to the Caroline district last weekend to attend an Aberdeen Angus cattle tour.

Bert Clemmons, accompanied by Larry Umscheid and Floyd Armstrong went to Lethbridge on Saturday.

Mr. and Mrs. Bruce Henry were guests at the wedding in Milo of Vern Maldoner of Duchess and Marilyn Thompson. Gene Henry was best man.

Adding machine rolls always in stock at the Advocate office.

Carseland seniors met the Mossleigh seniors, Mossleigh winning 5-3. Soft ball was again played in the twilight between Gladys men and the Dinton men, Dinton winning with a big score.

The ladies were busy all afternoon in the booth selling hot dogs, pop, etc. A dance followed in the hall about 9:00 p.m., with Thurb's Orchestra and a good crowd. Wilfred Hagedorn won the electric lamp that was raffled.

teachers, Mrs. Cam Robertson,
Miss Eileen Edwards and Mrs. Don
McCord, with gifts at the close of
the Sunday School last Sunday, in
appreciation of their year's work
with the Sunday School.

Congratulations are extended to
Mr. and Mrs. Vern Maldoner (nee
Marilyn Thompson) who were
united in marriage in the Lutheran
Church on Saturday, June 27.

A number of people of the dis-
trict attended the wedding and also
the wedding dance which was held
Saturday evening in the Milo
IOOF Hall.

Miss Betty Lahd, Miss Wendy
McMorris and Miss Dawnna Mae
McCord were Friday night guests
of their teacher, Miss Brenda Hol-
iday of Milo.

The cattlemen have been busy
the last while branding their
cattle. A week ago Sunday was
branding day at the Nelson lease
and on Thursday of last week Jack
Long was at King's where they
were busy branding.

The Pioneer Grain repair crew
who spent the last few weeks here
giving the annex a lift and a
general overhaul, pulled out last

ing on Wednesday for Waterton
where she will attend the CGIT
Camp. Other girls from the Milo
club who will be accompanying
her are Roxanne Hellevang and
Lynn Godkin.

Last week the hall monthly
dance was cancelled due to rain.
Approximately five inches of rain
was reported in the Hamlet last
week. Some gardens were washed
out, water was running over the
roads in many places and it was
very much like the spring run off
with some fields of grain being
washed out in places and sloughs
of water throughout. Children en-
joyed it very much and it didn't
take long to create a raft.

Ladies' Aid
The Queenstown Ladies' Aid of
the United Church held their June
meeting at the home of Mrs. J.
Bushell. The meeting was con-
ducted by Mrs. Don McCord and
brought to order by singing "Come
Let Us Sing of a Wonderful Love."
Bill Fraser, student minister, led
in prayer. The treasurer reported

a profit of approximately \$26 at
their tea and bake sale.

After discussion of Bible School
at this point a motion was made
that Bible School would not be
held this summer. Bill Fraser had
received considerable information
on back records and is obtaining a
suitable record book for the
Queenstown church. A joint ser-
vice was discussed and the ladies
agreed that any Sunday suitable
for the other two points would be
agreeable with Queenstown.

Mrs. G. Elder and Mrs. M. T.
Edwards volunteered to care for
the church during the summer
months. The next meeting will be
held in August at the home of
Mrs. G. Elder. Mrs. Don McCord
reported that the Sunday School
with their pennies had collected
approximately \$20 for the Mis-
sionary Maintenance and this would be
sent through Mr. Thurlow, district
treasurer, so that the field would
get credit for it.

At the close of the meeting Mrs.
Bushell served strawberry short-
cake which was enjoyed by all.

of GENERAL FOODS KITCHENS
A friend of mine said "If you can make jelly from one kind of fruit, then jelly made from two kinds of fruit will be twice as good!" Well, that's certainly true of the following recipe:

CURRENT AND RASPBERRY JELLY

4½ cups juice (about 1 quart
fully ripe red currants and 1½
quarts ripe red raspberries)
7 cups (3 lbs.) sugar
½ bottle Certo fruit pectin

First, prepare the juice. Crush 1 quart fully ripe red currants. Add ¼ cup water and bring to a boil. Crush about 1½ quarts fully ripe red raspberries. Place fruits in jelly bag and squeeze out juice. Measure 4½ cups into very large saucepan.

Now make the jelly. Add sugar to juice in saucepan. Mix well. Place over high heat. Bring to a boil, stirring constantly. Stir in Certo at once. Bring to a full rolling boil. Boil hard 1 minute, stirring constantly. Remove from heat, skim off foam with metal spoon. Pour quickly into glasses. Cover at once with ¼ inch hot paraffin. Makes about 11 medium glasses.

Where does pectin come from? Well, pectin is the jelling substance found in all fruits in varying amounts. Certo is pectin extracted from fruits rich in this natural substance, then refined, concentrated and performance-controlled. Your jam and jelly set exactly right when you use Certo and follow the tested Certo recipes.

Preserving Pointer: It's wise to buy new rubber rings each season. A good rubber is elastic and not brittle. Test each ring before using. It's poor economy to save a rubber ring at the expense of a quart of fruit.

Jam and jelly making can sometimes bring problems . . . if you have any, write and tell me, I'd be glad to help. And please visit with me again in my next column.

pital at which Miss Camille Stewart was among the girls being promoted.

Congratulations to Mr. and Mrs. Ross Lightle on their recent marriage.

There was 5 inches of rainfall at Herronton and 6 inches in the northern districts of Farrow during the week of June 22. Two hailstorms on Monday and Tuesday cut through property owned by Lorne Turner and from Krueses through Alvin McWilliams toward Mossleigh.

Crop Report

Crops, which appeared very late a month ago have made tremendous growth recently and are six inches tall. Spraying is now in full swing. Some cutworm damage is showing up in the flax. So far there has been no hail damage, although it has been reported south and east of here.

Less barley was seeded in favor of more wheat as farmers seem to be running out of reserves of wheat. Less oats is also evident as farmers also have a large enough reserve for their feed needs. Acres of flax seems about the same as last year, 15% of the total seeded acres.

Rye crops are looking very good. Winter wheat crops, which wintered very poorly, have made a vast improvement and may yet turn out good. There is a very small acreage of these two crops although there seems to be an increase in interest in them this year.

(Held Over From Last Week)

The Women's Association of the Farrow United Church held their annual Food Fair on June 2, at Dintion with Miss Amelia Randle and her assistant judging the many entries. A very successful wedding dance was held in honor of Arthur Giller and his bride of Calgary. ALBERTA'S Rural Electrification goes forward

FULL POWER AHEAD

Rural power lines

now carry better farming

— and better living

— to more than 72 per cent

of all Alberta farms.

Where power goes . . . farm profit grows.

Power on the farm boosts its market value by more than the cost of the service installation. For power is the "wired hand" that sets a new high in farm efficiency. And power in the farm home means an unequalled standard of 20th century living!

Little wonder that rural electrification is spreading at increasing speed. At the start of 1959 no less than 72 per cent of Alberta's farms were being served with low cost-power through local REAs.

To keep the power-flow coming, Calgary Power Ltd. maintains four and a half thousand miles of main transmission lines, plus three thousand miles of distribution lines to supply farmer-owned REA services. Calgary Power's overall facilities represent a multi-million dollar investment.

We're going forward . . . FULL POWER AHEAD!

The power transmission lines of Calgary Power Ltd. were serving almost 33,000 farms at January 1st, 1959 — an increase of 29,000 in 10 years.

Mrs. Gaughan are sisters and had
not seen each other for 25 years
so there were many years of visit-
ing to catch up on in the month
she visited here.

Two business places were broken
into either Saturday night or Sun-
day morning. Some persons entered
the Jim Anderson Blacksmith
shop and took a heavy cutting
machine to the Co-op Hardware
where they cut two large holes
in the safe. Although the holes
were cut through the side of the
safe, no money was taken from
there, possibly because a number
of ledger books prevented the per-
sons from reaching the cash sec-
tion of the safe. Some money was
taken from the till and a number
of watches were stolen. RCMP
were called to the scene on Sun-
day morning as soon as the rob-
bery was discovered.

Crop Report

Crops are looking very good in
the Blackie district with even
growth. In the immediate vicinity
of Blackie, the amount of moisture
for this time of year was down
until the weekend rain. More than
ample rain has fallen to the north
with some hail reported although
the extent of hail damage is not
known.

Haying operations should start
in about two weeks.
There is very little damage by

pests and diseases, although some
cutworms damage has shown in
flax crops. Spraying operations
were used extensively this year,
certainly more than in former
years. This has mostly been com-
pleted, weather conditions being
favorable for the operation.

Pulpwood Logs on the Ottawa River, with the nation's parliament buildings in the background, symbolize the importance of the forest to Canada. Trough pulp and paper alone, the forest harvest brings in more than \$1 billion a year from sales abroad. Increasing public awareness of the importance of these world markets which, directly and indirectly, generate income and employment for hundreds of thousands of Canadians, was called for in

a brief presented recently to a committee of M.P.'s studying the nation's natural resources. Forestry research and tax incentives to promote better forest management were held, by the Canadian Pulp and Paper Association brief, to be the most promising means of promoting greater use of our forest resources and the orderly expansion of the industries based upon them.

District News**ENSIGN**

Mrs. Vi Hagen was hostess to the Country Ladies' Birthday Club on Wednesday, June 24. A very nice afternoon was spent with a contest being won by Mrs. A. McIntyre. A delicious lunch was then served by Mrs. Hagen.

Mr. and Mrs. B. Brown, their grandson Michael Loose and granddaughter Fay Larsen and Mr. and Mrs. H. Brown of Okotoks, left Thursday on a motor trip to points in the United States and British Columbia. While away Mr. and Mrs. Geo. Flebotte are staying at the farm.

Mrs. Mary Ruark left Tuesday on the day-liner to visit her niece and family, Mrs. Jim McDougall of Calgary, for a few days.

Mr. and Mrs. Doug Loose and family of Magrath were overnight Tuesday visitors at the B. Brown home.

Mr. and Mrs. Alex Hagen and Gary were Sunday visitors with Mr. and Mrs. Doug Zebadie and family of Macleod.

Mr. and Mrs. Bert Larsen and Myrna spent Sunday visiting at the homes of Mr. and Mrs. Cameron Campbell, Mr. and Mrs. Jim Watt and Mr. and Mrs. Jerry Margetts, all of Calgary.

Mr. and Mrs. Russell Markert are being congratulated on the birth of a son, born Saturday, June 27, at the local hospital.

The ladies of the Ensign Birthday Club met at the home of Mrs. Vi Hagen on Friday evening, June 26, to help her celebrate her birthday.

Mr. and Mrs. Jim McFadden and Alex Hagen were Lethbridge business visitors on Monday.

Vulcan West-Ensign 4-H Club
About 75 parents, guests and members of the Vulcan West-Ensign 4-H Club were present at the wind-up banquet held at the Ensign Hall on Friday night, June 26. A delicious cold plate lunch was served and then cups donated by the club were presented by Ralph Trimmer, the new district agriculturist of Claresholm.

Those receiving cups were as follows: Champion calf, David Brown; Reserve Champion, Camella Brown; Champion Pee-Wee, Brian Scobbie; Reserve Champion Pee-Wee, Marlane Lucas; Showmanship, Earl Mote. The gain in weight cup was also won by Brian Scobbie, with a total gain of 496 pounds. He was followed closely by Craig Hage with a gain of 483 pounds and Marlane Lucas just behind him with a gain of 477 pounds.

Three special prizes were also presented. A show shield donated by Dr. Tonken and presented by Dr. Baker for the Reserve Champion calf was won by Camella Brown.

Camella Brown and Brian Scobbie were again in the limelight when they won larlet ropes donated by Wm. Lucas for the best Hereford calves in the club. Lynn Scobbie won the special, donated by E. Thorp to the youngest mem-

ber of the club. This was a show kit.

Mr. Trimmer stated during his remarks following the presentations that the club had reason to be proud of this achievement in view of the fact that this is only the second year of its operation. He also pointed out that the year's work is not yet quite completed for the older members, as there is still the Olds 4-H Club week and Toronto Royal Fair that is open to competition before being won.

At the conclusion of the evening a hat was presented to E. Thorp by the members of the club in appreciation of his efforts as club leader the past year. It was indeed a pleasure to see that the business men of Vulcan took interest in the 4-H Club work.

Ladies Auxiliary

The regular meeting of the Ladies' Auxiliary to the Canadian Legion was held Wednesday, June 17, with a splendid turnout of members. Mrs. G. Bell, the president was in the chair and conducted the meeting assisted by Mrs. E. Jones, secretary.

Routine business matters were dealt with and committee reports given. The report on the bake sale and raffle showed a nice profit. It was also reported that Mrs. Dave Crabb had held the lucky ticket on the suit draw, while the vanity stand went to Mrs. D. Buehler and the TV tables to Mrs.

Leslie Shaw.

A most comprehensive and interesting report on the recent Legion convention held at Banff, was given by Mrs. Bell, who attended as delegate from the branch auxiliary. This report was much appreciated by the members.

At the conclusion of the business session lunch was served by a committee.

The next meeting will be held Wednesday, Sept. 16, due to the summer recess.

While farms are becoming fewer in Canada they are increasing in size, the average in 1956 being 302.5 acres against 279.3 in 1951.

Witnesses 'Denied Right To Worship'

The Vulcan congregation of Jehovah's Witnesses learned June 28, that Jehovah's Witnesses in Argentina have been denied their constitutional rights of free assembly and worship. A vote of protest was taken and plans discussed to petition the Argentine Republic to correct the restrictions laid on the Christian group's activities.

Mr. McKee, the local congregation's presiding minister, said that in spite of many liberal advancements made by the present Argentine government that ousted the dictatorial Peron regime, a few non-Catholic religious groups that were declared illegal by Peron have yet to be recognized by Argentine's constitutional president, Arturo Frondizi.

According to Mr. McKee, two different applications for recognition were denied by the "Ministry of Worship," a department of the government formed by Peron to control the registry of all non-Catholic religions in the country. Furthermore, two futile appeals have been made to the present government to rescind the order denying Jehovah's Witnesses the right to register. The latest appeal was made following a new decree signed by Frondizi on Feb. 6, 1959, giving non-Catholic religions full right to worship God as guaranteed by Article 14 of the Argentine Constitution.
